Newsletter #4: January 2022

LEAD: Digital Twins for low emission last mile emissions

As we enter a new year, we revisit LEAD's highlights in the last quarter of 2021. You can read all about the official inauguration of Madrid's micro hub, the visually attractive Quick Facts focusing on last-mile logistics we have created, as well as events we participated in, and highlights from our sister projects SENATOR and ULaaDS.

A logistics micro hub in a Madrid parking lot will boost low-emission goods distribution

EMT Madrid, the coordinator of LEAD, has recently inaugurated a logistics micro hub in Plaza Mayor, one of the main arteries of the Spanish capital. The creation of this logistics distribution point is one of several measures contemplated in the Madrid 360 Environmental Sustainability Strategy. [Read more.](#)

On-demand last-mile logistics: Quick Facts from LEAD

This brochure was produced in the scope of the CIVITAS LEAD project. The information compiled wherein was lifted from different relevant academic

[demand economy: Main challenges, trends and factors influencing city logistics. Read it here.](#)

LEAD, SENATOR and ULaaDS at the CIVITAS Forum 2021

LEAD, together with its sister projects SENATOR and ULaaDS, participated in the CIVITAS 2021 Forum, which took place (in a hybrid setting) in Aachen. The projects participated in a session dedicated to Urban Logistics. Further, the three projects also had an exhibition stand. [Read more.](#)

Become an
ULaaDS
Follower
city!

Participate in our
2-day study visit
in Mechelen,
Belgium on May
16-17.

Gain hands-on
experience of
urban logistics
solutions from our
Lighthouse &
Satellite Cities!

APPLY NOW!

Become a ULAADS follower city and visit Mechelen!

Our sister project ULaaDS just launched its peer-learning programme, which gives city representatives the opportunity to gain first-hand experience of potential solutions and best practices in the context of Urban Logistics. You can now apply to become an ULaaDS follower city and to receive fundings to visit Mechelen - one of the ULaaDS Lighthouse cities - on 16 & 17 May 2022. Application deadline: 28 February. All the details can be found [here](#).

The session on 'Local Digital Twins – Forging the cities of tomorrow' during the European Week of Regions and Cities 2021 took place on the 13th of October, organised in collaboration with [DG CONNECT](#) Technologies for smart communities, the LEAD and [DUET](#) H2020 projects working on Local Digital Twins, the [Union of Municipalities of Turkey](#), as well as [ENoLL](#). Watch the video [above](#) or read the session summary [here](#).
