## **About CIVITAS**

CIVITAS is a network of cities for cities dedicated to cleaner, better transport in Europe and beyond. Since it was launched by the European Commission in 2002, CIVITAS has tested and implemented over 800 measures and urban transport solutions as part of demonstration projects in more than 80 Living Lab cities Europe-wide.

## **About CIVITAS Forum Conference 2021**

The CIVITAS Forum Conference 2021 will take place on 20-21 October 2021 in Aachen (Germany). The 18th edition of the CIVITAS Initiative's flagship event will gather the keenest sustainable mobility minds to debate and analyse the most urgent topics in the field. The 18th edition of the CIVITAS Initiative's flagship conference focuses on "Smart routes towards climate-neutral cities". This builds on the European Commission's mission to create 100 climate-neutral cities by 2030.

# Call for Speakers

We are seeking presentations which showcase your urban mobility or urban freight achievements from projects/research which were part of an internship, graduation assignment, hackathon, university course, etc.

We encourage the usage of creative presentation formats, such as Pecha-Kucha-style presentations and interactive sessions (usage of tools like Mentimeter, Mural and Miro). Other presentation formats are also welcome.

Please submit your abstracts for one of the CIVITAS thematic areas listed on the following two pages. Find out more about the CIVITAS thematic areas here: <https://civitas.eu/thematic-areas>.

# CIVITAS Thematic Areas

**Active mobility** - Making walking and cycling the preferred travel choices for people in cities.

**Behavioural change & mobility management** - Influencing and changing attitudes and travel behaviour through “soft” measures.

**Clean & energy-efficient vehicles** - Travel options and infrastructure for cleaner vehicles and fleets.

**Collective passenger transport & shared mobility** - Using public transport and shared mobility to put private cars in the shade.

**Demand & urban space management** - Managing urban space and travel demand for the benefit of sustainable modes and people-friendly places.

# CIVITAS Thematic Areas

**Integrated & inclusive planning** - Integrated urban mobility planning for creating liveable cities for all citizens.

**Public participation & co-creation** - Involving citizens and stakeholders in planning to improve the quality and acceptance of urban mobility measures.

**Road safety & security** - Ensuring the well-being of all those navigating urban environments.

**Smart & connected mobility** - Establishing the critical link between new user-friendly transport services and decarbonisation.

**Urban logistics** - Promoting cleaner urban freight vehicles and more efficient goods distribution.
