About the Forum Conference

The CIVITAS Initiative, established 15 years ago by the European Commission, supports cities with developing and implementing sustainable urban mobility measures. Its flagship event is the annual CIVITAS Forum conference, with over 400 participants discussing technical solutions, innovations, and challenges to sustainable urban mobility and how these can be applied in their local contexts.

Organisers

This conference is being organised on behalf of the European Commission by CIVITAS SATELLITE together with the city of Torres Vedras.

When and Where

The 15th edition of the annual CIVITAS Forum conference will take place in Torres Vedras (Portugal) on 27-29 September 2017. The event offers you the possibility to showcase your product, solution or organisation in the form of sponsorship.

- Work with local governments to discuss smart and innovative urban mobility solutions;
- Identify how public authorities and businesses can best cooperate to achieve sustainable solutions and at the same time benefit the local economy;
- Work with local governments to improve Europe's competitiveness and its ability to create jobs and to tackle environmental and societal challenges;
- Gain a better understanding of local governments' needs in dealing with societal challenges under difficult economic conditions;
