# CIVITAS LIV-LABS FINAL EVENT

## Virtual Conference

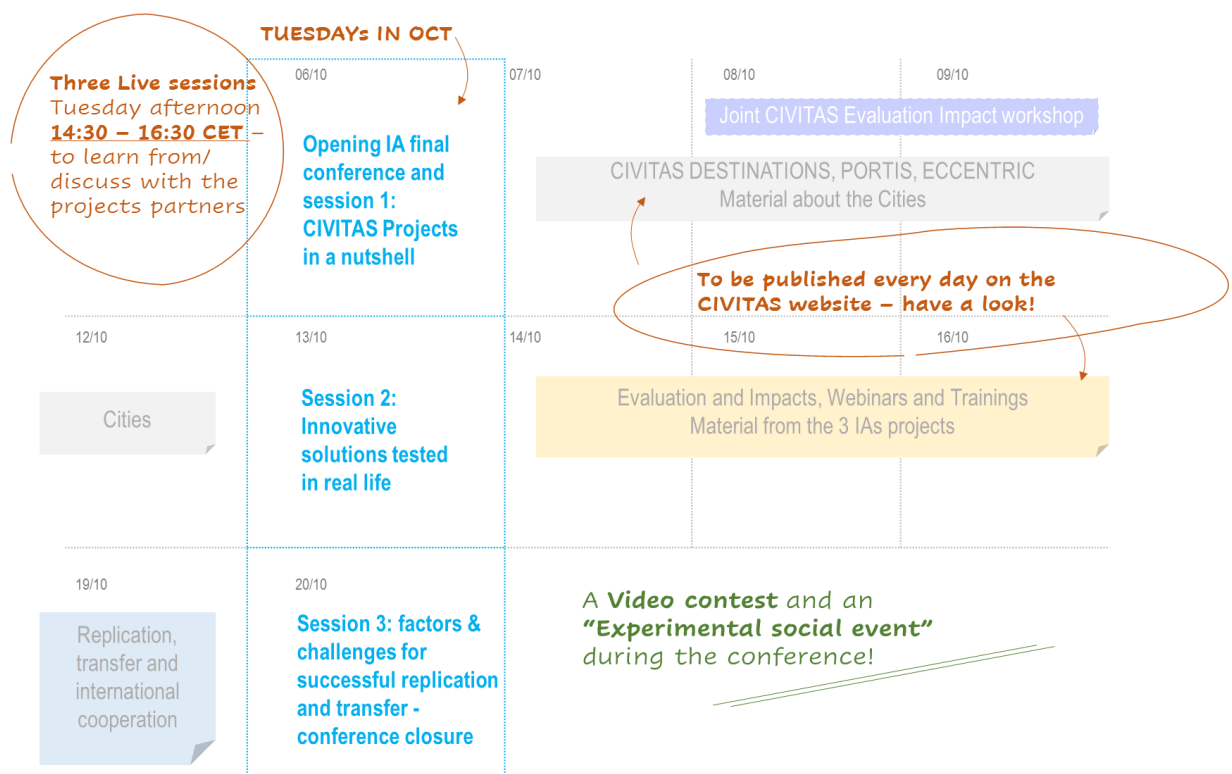

Over the past four years, the **three CIVITAS Living Lab projects – CIVITAS DESTINATIONS, CIVITAS ECCENTRIC and CIVITAS PORTIS** – have been testing and demonstrating innovative mobility solutions.

The three projects decided to organize a Virtual Common Final Event from 06th to 20th October 2020.

The event will offer an unique opportunity to learn about the CIVITAS living labs : 16 European cities and 175 measures covering challenges for European port cities (CIVITAS PORTIS), for cities facing challenges of mobility for suburban districts and logistic (CIVITAS ECCENTRIC) and for high touristic cities looking for sustainable mobility solutions for tourists and residents alike (CIVITAS DESTINATIONS).

By attending the conference, the participants will learn about the projects' achievements, lessons learned and many successes.

**Three live sessions will be organised on 6 October, 13 October, and 20 October** featuring input from all three projects and allowing an interaction with the project partners. In addition, inspirational material, including videos, presentations, and publications that reveal and explain the CIVITAS cities' mobility work will be released daily on the event webpage. The concept and draft programme are presented hereafter.
