UMEÅ KOMMUN

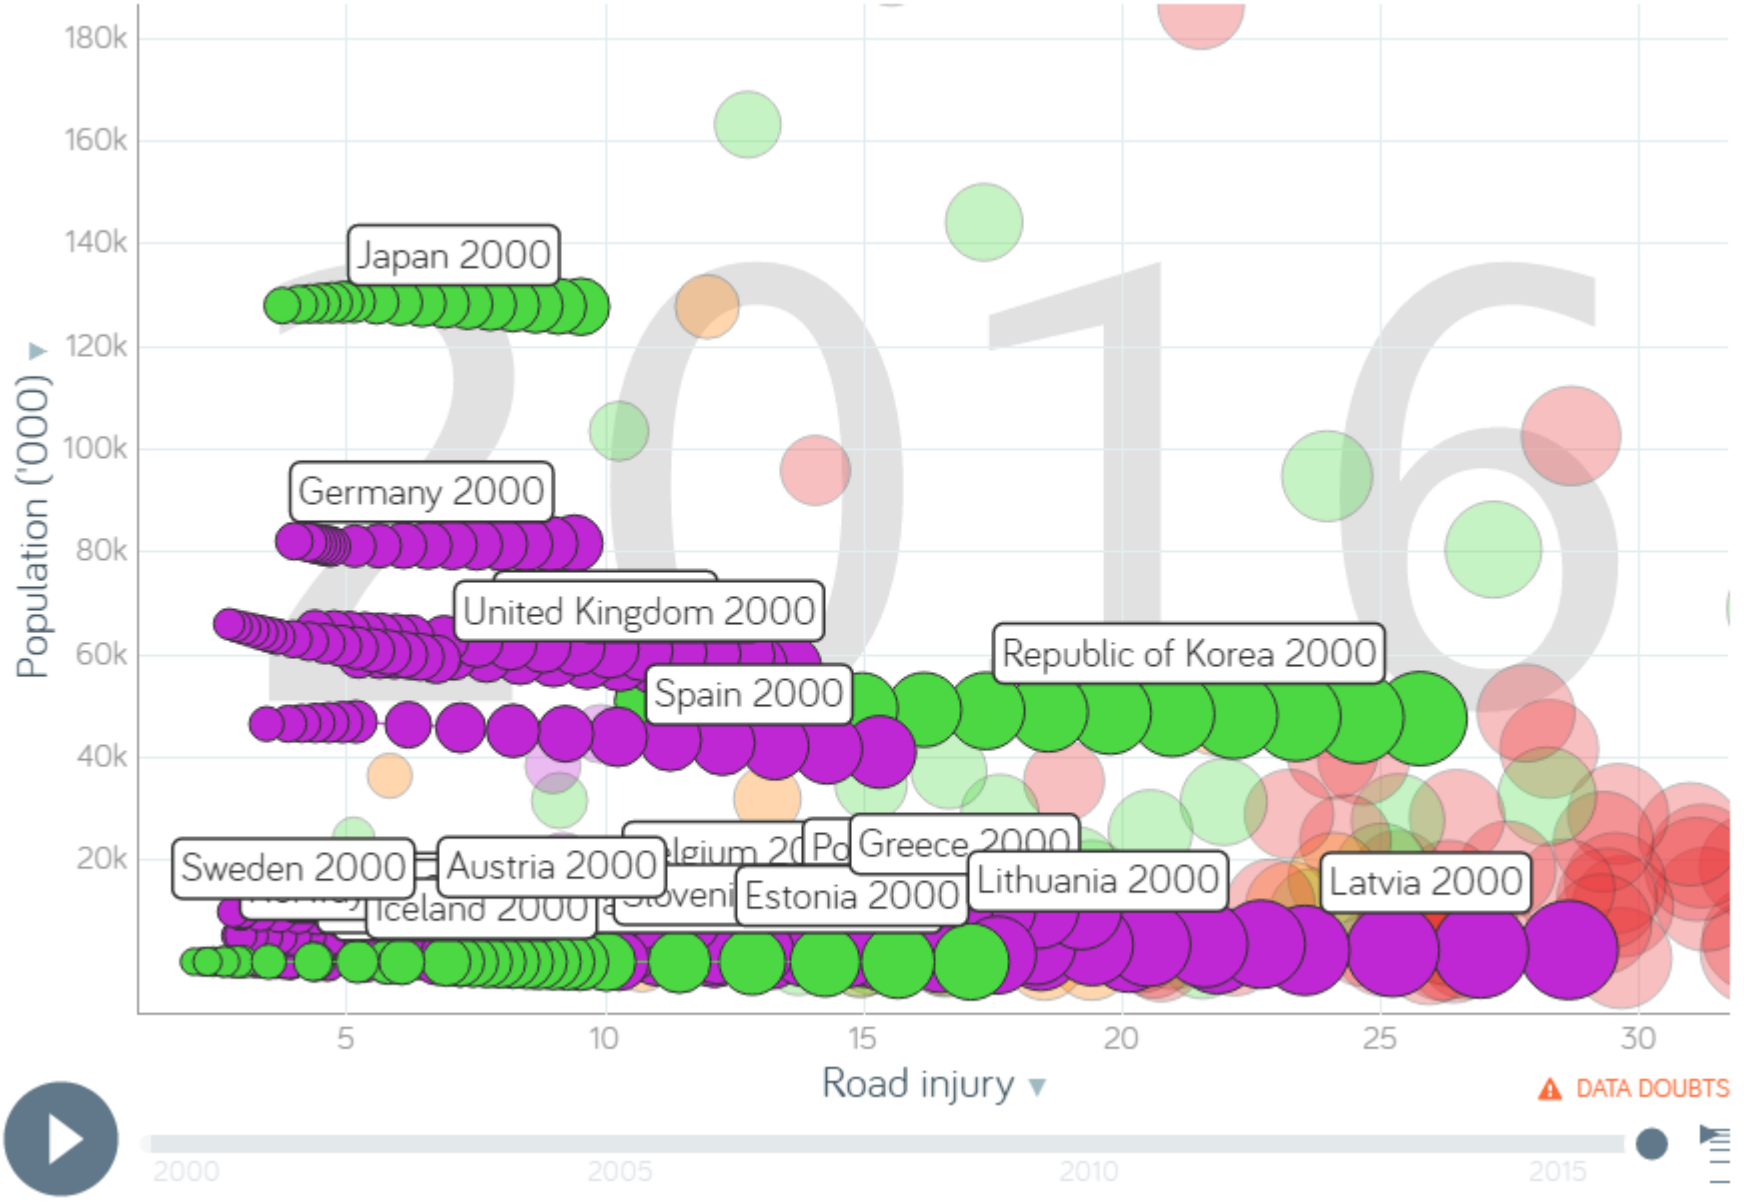
Facts: World Health Organization



UMEÅ KOMMUN

Population

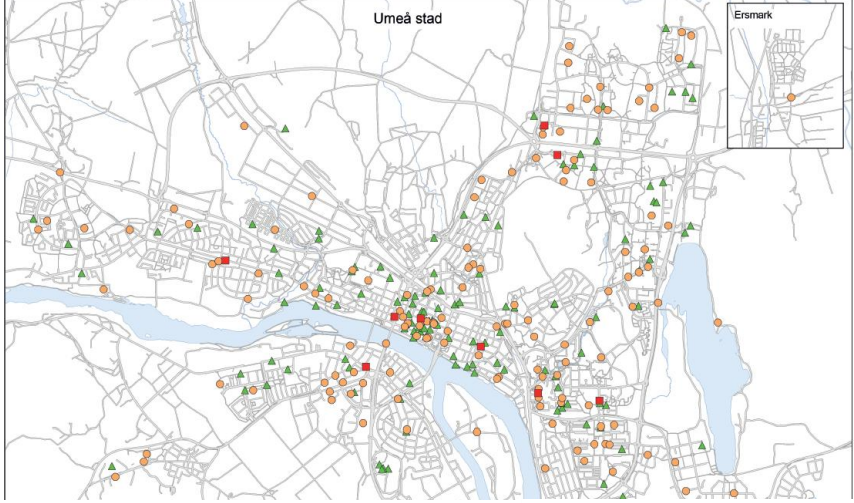
Number of seriously injured and traffic deaths per 10 000 inhabitants

Make sure you have the facts!

- Do not only rely on police reported injury statistics

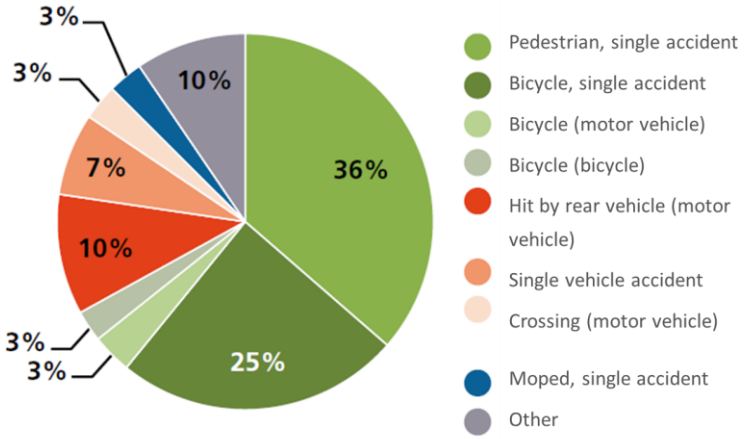
UMEÅ KOMMUN

Analyse the facts!

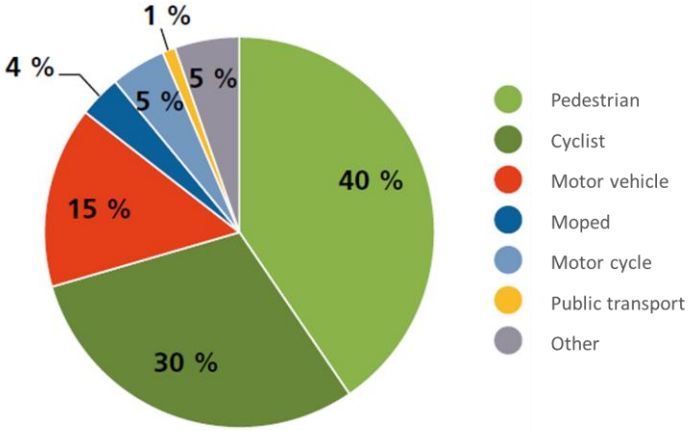


The statistics needs to be analysed to find:

- places where many accidents happen,
- types of crashes,
- severity,
- differences in age,
- differences in gender,
- and so on



Thus also look at hospital reported statistics



UMEÅ KOMMUN

The correct precautions at the right place

- Traffic calming measurements
- Improved visibility
- Reduced speed
- Make space for pedestrians and bicyclists
- Make certain the rules are clear
