Workshop Outline

- A psychology for understanding perceptions (John Porter)
- Practical session
- Applying Quality Audits in Dublin Bus (Peter Scott)
- Operating an Audit Process (Eileen O'Connell / JP)
- Networks: Otto Cazemier
- Marketing: Martin Kalab
- Information: Norman Orro
- Panel Discussion
 - (Open discussion and application to Tallinn)

WHY BOTHER?

Dublin Bus Quality Implementation and brand differentiation

Out with the old!

The 'cheeky' IMP - here there and everywhere, local, friendly, frequent, nippy, Young, female

The CitySwift, a serious commuting alternative, modern, clean, fast, frequent - Men can use this!

BUT FIRST

Some new ways of thinking!

Activity

**Write down 3 personal qualities
you would like people to say about you**

Personal Construct Psychology

- A person's processes are psychologically channelised by the way in which he / she anticipates events
- Each person behaves like a scientist, formulating predictions, testing them and revising ways of thinking in the light of outcomes
 - Keyword - VALIDATION

ELEMENTS

Any **THING** you can think about

Elements

CONSTRUCTS

HOW you think about THINGS

A Construct

Preferred pole is a personal choice

Preferred pole

Non-preferred pole

Example:

Laid back

Tense

Clusters of **personal** meaning

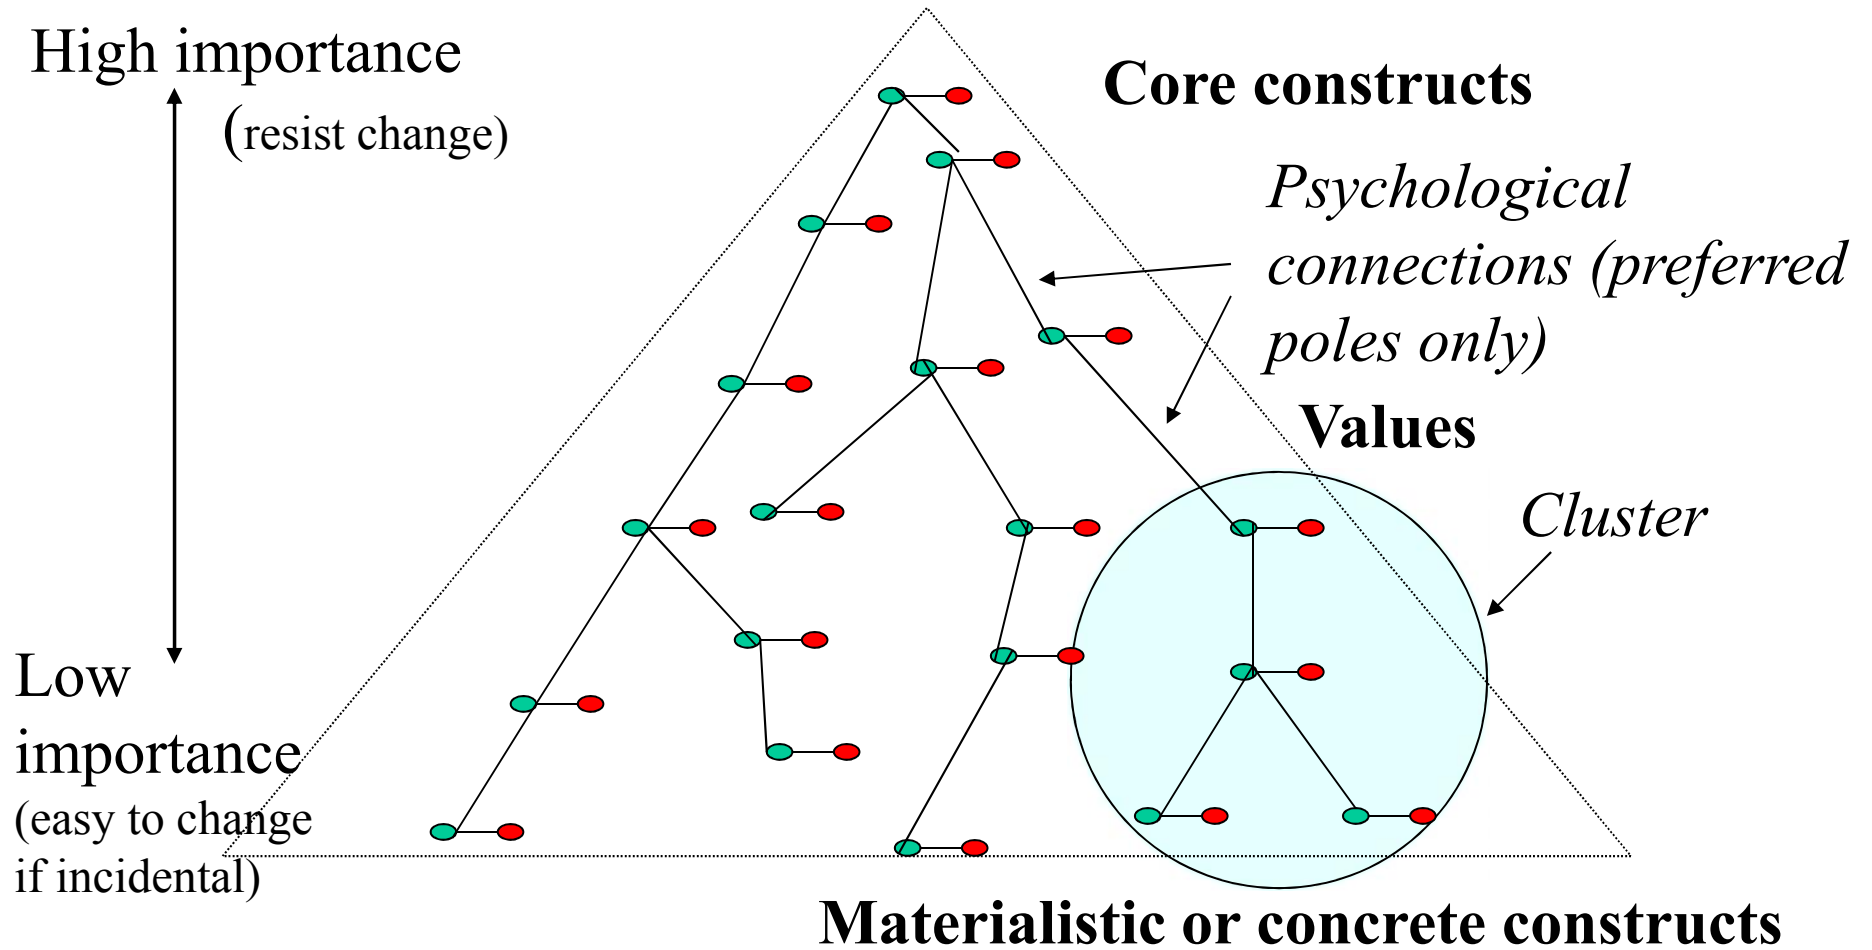

Relaxed, Tolerant,
not in a hurry

Arrive on time
Punctual, Reliable

A Construct System

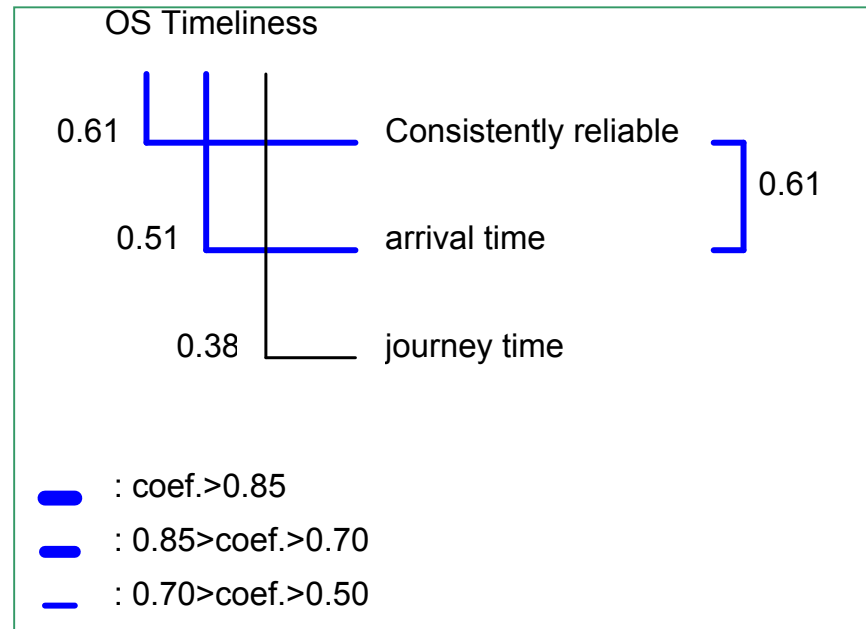

A Construct System

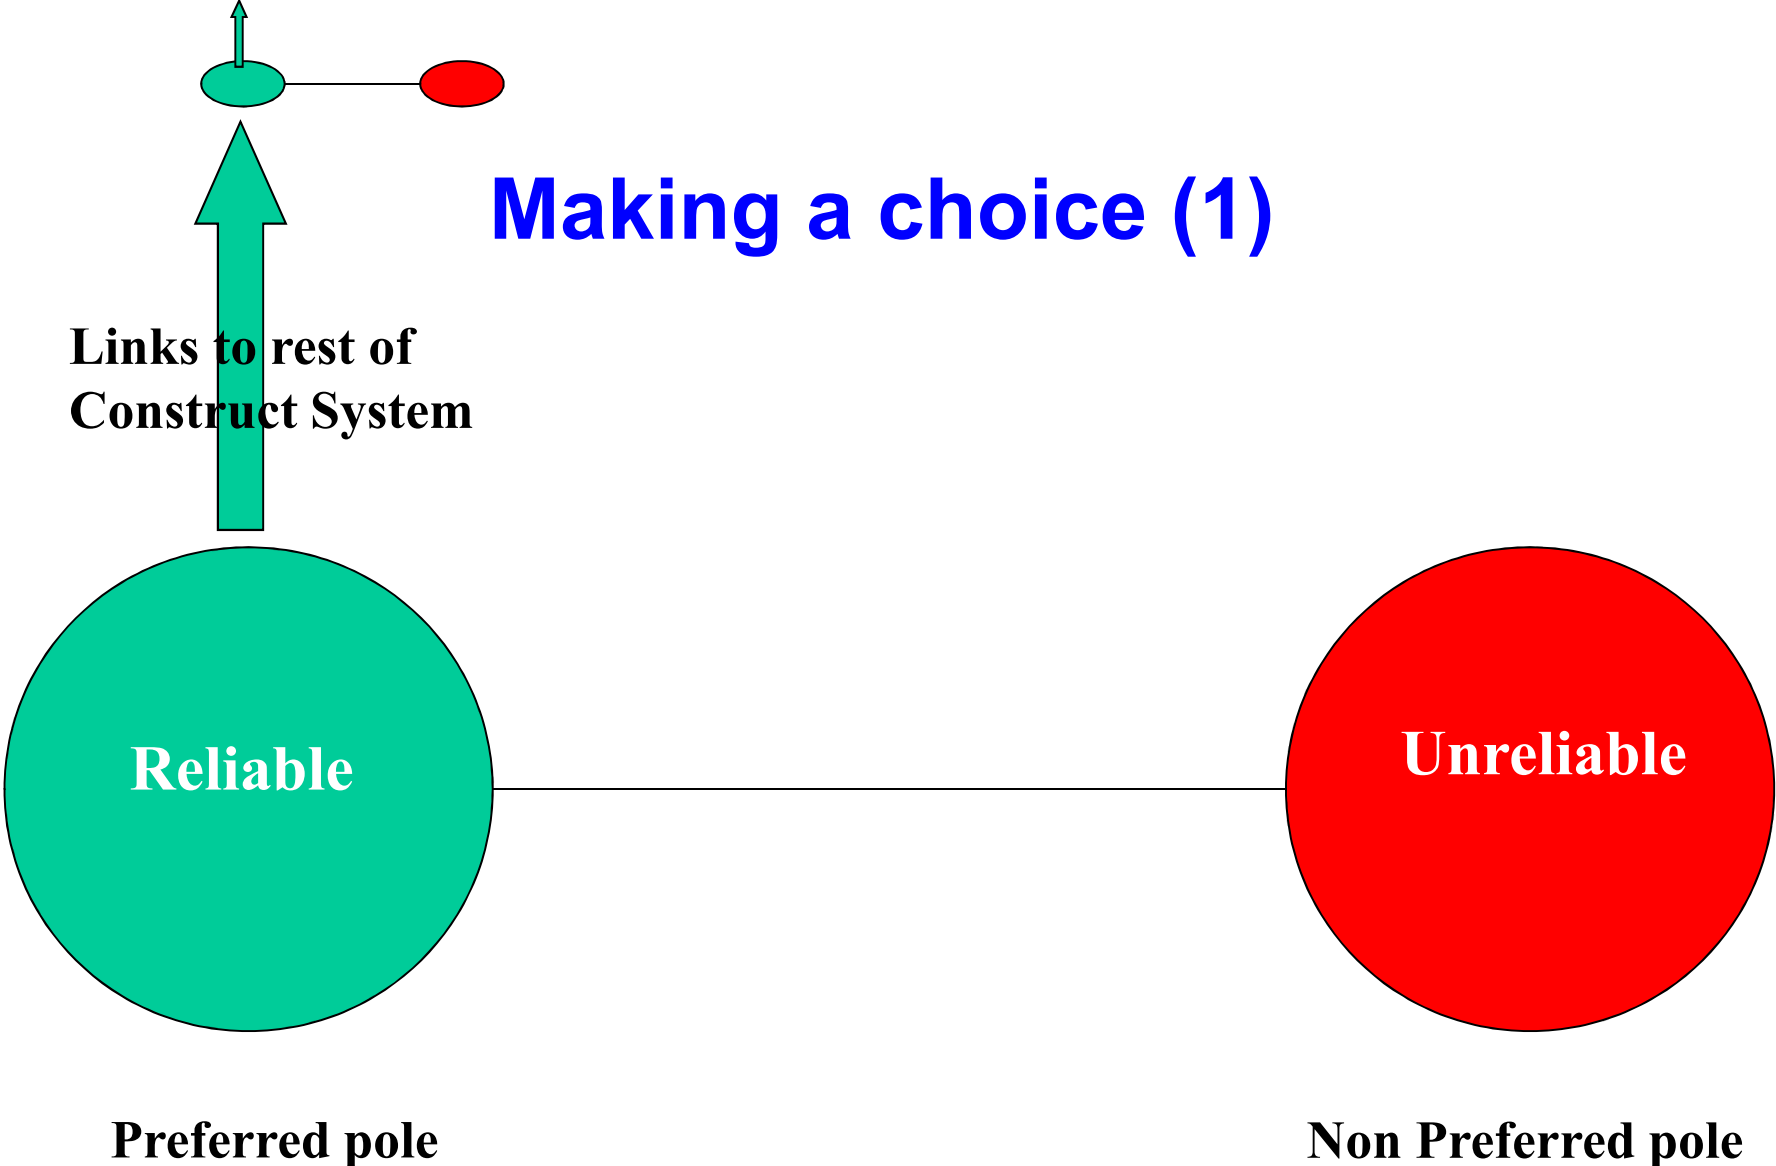

Construct System

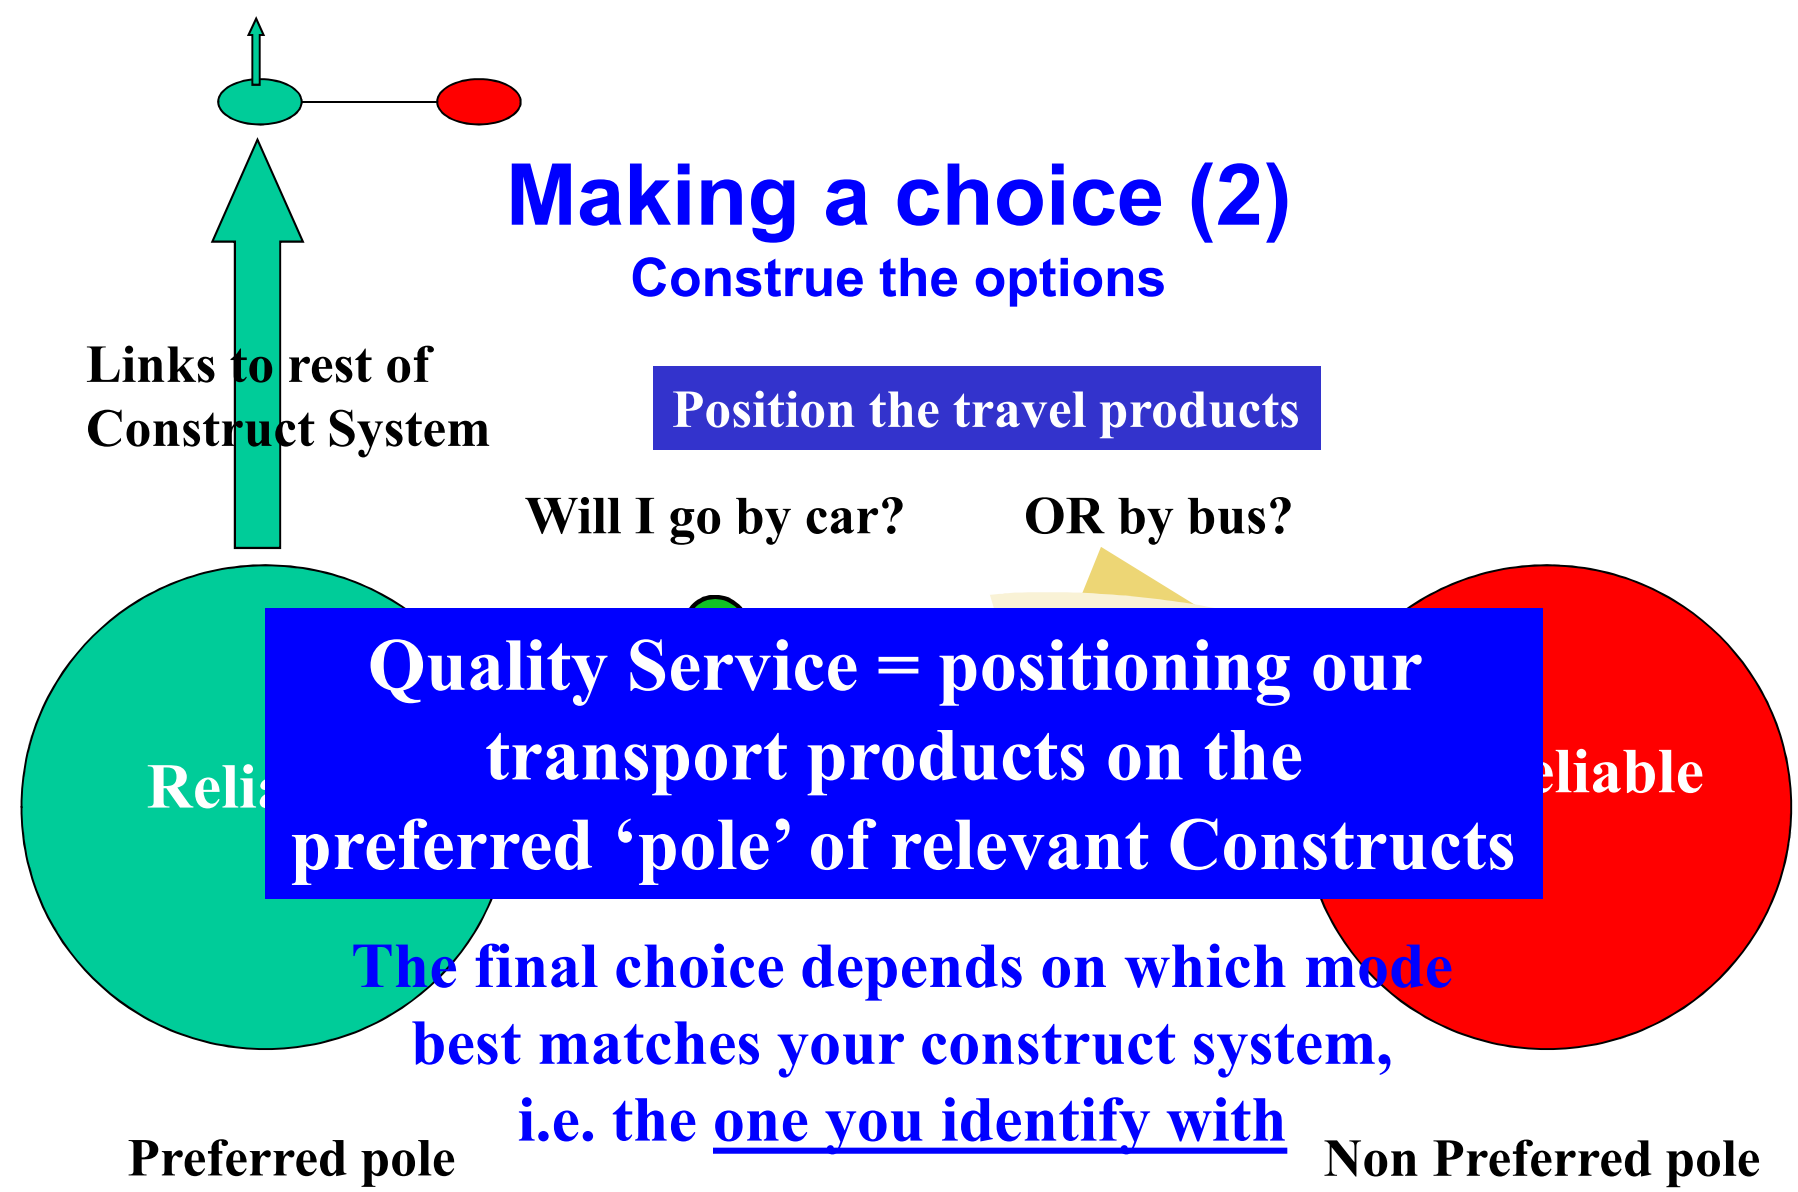

What this means in Practice

Analysis and Diagnostics

Making a choice (1)

Managing Quality

1. Knowing how your customers think

Primary Research

Qualitative Research – Focus Groups

Open questions – how would you describe your favourite shop?

Open questions – in what way does bus travel differ from car travel

Campaigns

Qualitative Research (2)

Action	Content / method	Outcome
1:1 In-depth interviews	The PCP techniques of laddering, pyramiding and elaboration are used. Interviews are conducted in a non-directive way.	<ul style="list-style-type: none">• A knowledge of the higher more personal aspects of the audience construing system.• Decision-making processes at the personal level – personal barriers to product/service trial and adoption.

Q. What is it that you like about travelling by train?

A. Smooth, fast, reliable and quiet

Q. Is being reliable important for you?

A. Yes, its how I like to see myself

Q. What for you are the benefits of being reliable?

etc.

Managing Quality

2. Knowing how important quality issues are

Campaigns

Quantitative Research – Hall Tests

- Self completion questionnaires in a controlled environment.
- Need a supervisor (keeps quota)
- 1 or 2 assistants
- Expect up to 80 questionnaires completed in 1 day
- Completion time up to 30 minutes
- Recruiting can be by previous arrangement, or from the street
- Need incentives / rewards

Activity

**Write down 3 personal qualities
you would like people to say about you**

Activity

Your results

Previous Results (UK)

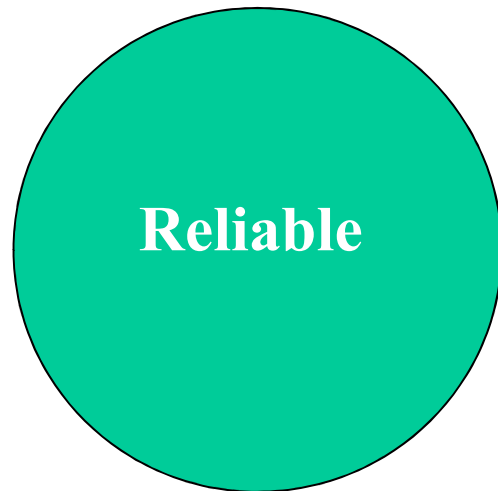

Managing Quality

**3. Knowing how well you are doing
and
how quality issues relate to each other
(Psychological Structures)**

LARGE SCALE SURVEYS

Large scale research

1

2

3

4

5

Putting it all together

- **Putting structure on the research**
- **Matching it with European standards**
 - **QUATTRO**
 - **European Standard EN 13816**
- **Designing and operating audits**
- **Making use of audit results**
- **Periodic updates**

Thematic groups

- **Get into groups**
- **Those not present before today summarise customers' issues about the bus station**
- **Share your findings – (10 minutes)**
- **Elect a presenter**
- **Summarise the issues**
- **Present your findings in 3 minutes**
