

INTEGRATING SUSTAINABLE TRANSPORT POLICIES

“From Theory to Practice”

**Programme
CIVITAS FORUM 2005
2-3 November 2005
Nantes (F)**

The 2005 CIVITAS Forum will address the broad range of political, cultural and financial issues arising when progressing from “theory” to “practice” in the integration of sustainable transport policies.. The contemporary wrap up of CIVITAS I and the kick-off of CIVITAS II renders the event all the more timely and appealing. Hence, the 2005 CIVITAS Forum is expected to provide all members with the unique opportunity to participate to a stimulating confrontation between experienced cities eager to share their knowledge and incoming cities eager to learn and discuss barriers and enablers to the integration of sustainable transport policies.
