MULTIMODAL MOBILITY HUBS AND LAST-MILE DELIVERY

Friday, 18 February 2022 @ 11:00 – 13:00 (CET) | Online

Multimodal mobility and logistics hubs provide a smart point in the transport network that seamlessly integrates different modes of transport with logistics flows.

By combining public or collective transport stations, car-sharing parking slots, bike-sharing docks, EV-chargers, or public cargo bike-sharing platforms and integrating this offer with drop-off and pick-up delivery solutions, multimodal hubs can play an important role in the transition towards zero-emission urban mobility and logistics.

Join us on 18 February 2022 to discover the multimodal hubs landscape, deep dive into logistics operator needs, and learn more about two city approaches to multimodal hubs and last-mile delivery.

The full agenda for the webinar is available below.

In collaboration with:

This webinar is co-organised by [ULaDS](#) and [MOVE21](#) partner Eurocities, in collaboration with VIL – Empowering Logistics, TReLab @ Roma Tre University, the City of Groningen, and MIXMOVE.

The ULaDS project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement no. 861833.

The MOVE21 project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement no. 953939.

Both ULaDS and MOVE21 are projects under the CIVITAS Initiative.

18/02/2022 Multimodal mobility hubs and last-mile delivery

- 11:00 – 11:05 **Welcome and introduction**
- Arianna Americo & Lucian Zagan, Eurocities
- 11:05 – 11:20 **Innovative multimodal hubs integrating urban logistics and passengers flows**
- Domien Stubbe, Project Leader, VIL – Empowering Logistics
- 11:20 – 11:35 **Logistics operators' needs when it comes to using micro-hubs**
- Giacomo Lozzi, Research Manager, TRElab @ Roma Tre University
- 11:35 – 11:45 **Questions and comments from the audience**
- 11:45 – 12:00 **Multimodal services integration in a Park & Ride facility**
- Sjouke van der Vlugt, Policy Officer Urban Planning, City of Groningen
- 12:00 – 12:15 **Mobility on demand for passenger and freight**
- Jan Tore Pedersen, Research & Development Manager, MIXMOVE
- 12:15 – 12:20 **Boost your knowledge on sustainable urban logistics with the ULaaDS peer-to-peer learning programme: call for Follower Cities**
- Arianna Americo, Project and Forum Coordinator, Eurocities
- 12:20 – 12:45 **Panel discussion with all speakers**
- Moderated by Arianna Americo & Lucian Zagan, Eurocities
- 12:45 – 13:00 **Questions and comments from the audience**
