

COLLECTIVE INNOVATION FOR PUBLIC TRANSPORT IN EUROPEAN CITIES

CIPTec FINAL CONFERENCE

BE CIPTec!

Move public transport forward through innovation

The H2020-project CIPTec is coming to an end. Now, it's time to share our findings with the community. CIPTec has created innovative concepts and tools for Public Transport that lead to more passengers at reasonably low cost. Also, CIPTec tested collective intelligence methods to improve the overall understanding of urban public transport demand.

Do you wish to know more about the CIPTec innovation tools, gain new insights in user needs and find out how to nudge people towards more PT use? Then save the date and **join us in Brussels on 24 April 2018!**

Opening of registrations

Registrations will open in February 2018, but save the date right now to be sure to #BECIPTec with us!

Who should attend?

Professionals in the field of transportation, representatives of transport providers, public transport operators and authorities, academics, SMEs, associations, European institutions, but also consultants, suppliers and other stakeholders that are directly or indirectly involved in innovation management are welcome to attend our conference.

Why should you attend?

The event will feature high-level keynote speakers, who will share with you their inspiring solutions. There will also be interactive workshops and plenty of opportunities for networking and sharing views. You will have the chance to explore innovative public transport concepts and tools and learn how to apply them. On top of that, you will **gain useful insights on passenger needs and how to co-create innovative ideas with them. CIPTec will show you how you can change someone's travel behaviour with small and affordable interventions.**

Agenda

A detailed agenda with the topics and sessions will be published in February 2018. Keep an eye on the CIPTec-website, #BECIPTec or subscribe here to receive updates on the event.
