CIVITAS City Networks

UK & Ireland

The local authority
network for
sustainable mobility

**CIVINET UK &
Ireland Network**

CIVINET is a membership network for public authorities in the UK and Ireland and other organisations with an interest in sustainable mobility.

It is the only network that brings together public authorities to achieve more sustainable, clean and energy efficient urban transport systems to:

- mitigate the impact on Climate Change;
- reduce the cost and unreliability of congestion to the economy; and
- improve health and air quality.

What does the Network offer?

The CIVINET UK & Ireland Network encourages members to adopt the CIVITAS approach – a set of measures that generate knowledge, transferable from place to place, addressing both transport supply and demand.

It is the main network in the UK and Ireland to cover a comprehensive set of sustainable transport issues.

Members support each other in sharing experience and good practice in design, and putting sustainable mobility policies, measures and tools into effect.

The CIVITAS approach

What are the measures?

Access management

Urban goods transport

Integrated pricing strategies

Innovative soft measures

Collective passenger transport

Transport management

Less car intensive lifestyle

Cleaner fuel and vehicles

For membership enquiries please call Alastair Byers on: +44 117 907 6521 or email: civinet@ttr-ltd.com

CIVITAS is the European Union's successful initiative established in 2002, to promote cleaner and better transport in cities through demonstration cities and a wide range of projects.

Why join?

Being part of the CIVINET UK & IRELAND Network, members gain access to the forefront of industry know how. Good practice advice for members on topics from clean fuels and vehicles to urban goods transport, increase understanding about integrated pricing strategies and collective passenger transport, gain the latest learning on less intensive car lifestyles and access management.

Members can:

■ Share best practice

Learn from others experience. More than 650 research and demonstration measures have already happened around Europe.

■ Join a Centre for Excellence

Professional development from exposure to a wide range of sustainable mobility policies, measures and tools.

■ Make it happen

Understand the key drivers of behaviour change.

■ Adopt the CIVITAS Approach

Cleaner and better transport in cities in Europe.

■ Speak to the right people

Be part of a network of technical and professional experts, policy makers and politicians.

■ Access funding information

Information about EC and national research/funding available for innovative project proposals.

■ Share a common goal

Be part of a collective voice lobbying central Governments on transport policy issues, regulations and legislation.

■ Meet, discuss and inspire

Network hosted meetings, events, training seminars, workshops, newsletters and website resource available to all members.

Who supports the Network?

The CIVINET UK and Ireland Network is supported by the European Commission, the UK Department for Transport, Department of Transport (ROI), Welsh Assembly Government, the Roads Service (Northern Ireland), the Scottish Government and the Local Government Association.

It is also supported by key local authorities, Cork City Council, Bristol City Council, Hampshire County Council, Norfolk County Council, Norwich City Council, Lancashire County Council, Bath and North East Somerset Council and Brighton and Hove Council.

CIVINET is grant aided by the European Commission and is a European project, building a national network for the UK & Ireland alongside complementary national networks in France, Italy, Spain & Portugal and Slovenia to promote the CIVITAS approach to integrated sustainable mobility.

How do I join?

Full membership of the CIVINET UK & Ireland Network is open to regional and local authorities, and integrated transport authorities in the UK and Ireland.

Associate membership of the CIVINET UK & Ireland Network is available to other interested parties.
