About the Forum

The CIVITAS Initiative, established in 2002 by the European Commission, supports towns and cities with developing and implementing innovative measures in the field of sustainable urban mobility.

Its flagship event is the annual Forum conference. Each year up to 500 participants drawn from a diverse community of policymakers, practitioners, academics, and city representatives come together to discuss

practical and policy-based solutions and their application at local level. This year's Forum is hosted by the City of Umeå, Sweden, and is co-organised by the CIVITAS Secretariat.

When and where

The CIVITAS Forum's 16th edition is taking place from 19-21 September 2018 in the Folkets Hus. The 'People's House', which opened in 1986, is located in central Umeå next to the Vasplan bus terminal.

The venue hosts a number of concert halls, stages and conference rooms, and is owned by the City of Umeå. It is used for both cultural and commercial activities.

The Forum will make full use of the space on both the first and third floors and anticipates hosting four or more parallel sessions, ensuring maximum visibility for exhibitors.

Why the Forum?

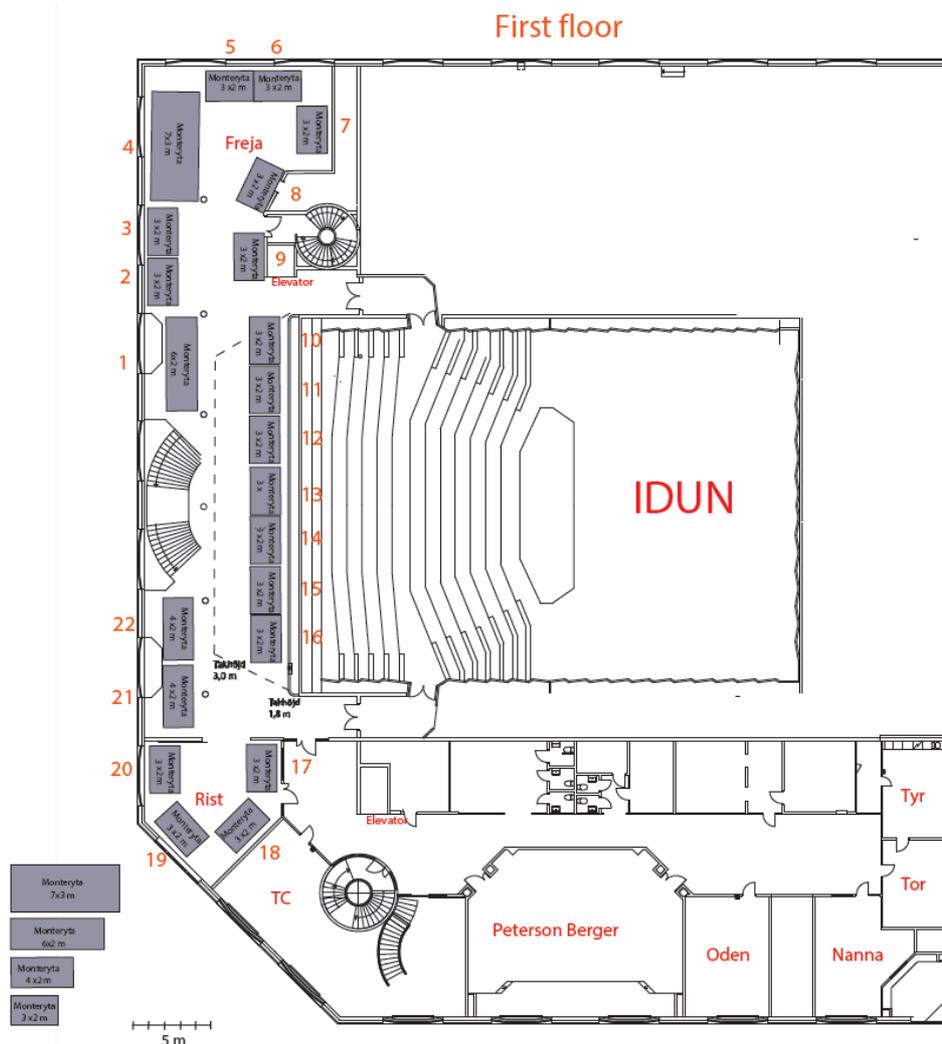

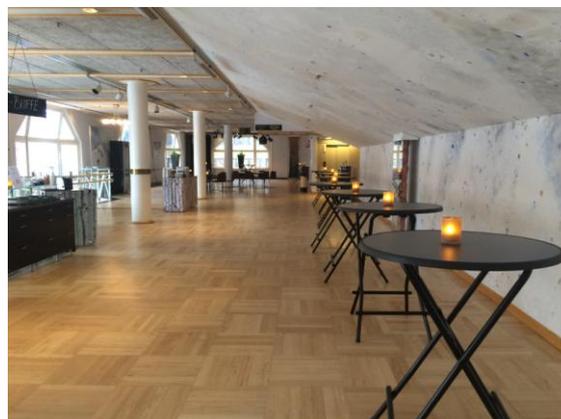

The Forum is an ideal opportunity for projects, organisations, and business, be they larger in size or smaller start-ups, to interact with local, regional, and national government representatives, as well as delegates from European and international institutions.

Being a Forum exhibitor enables you to showcase your company, project, or organisation's innovative mobility products, tools, and methods to this prestigious community.
