CIVITAS Safety and Security Thematic Group Webinar on 13 October 2016 at 14.30 CET

Promoting safety in cycling: discover the new EU
policy agenda and make it happen in your city!

Following the recent call for a cycling strategy from the Luxembourg Presidency of the European Council, the European Parliament and the Committee of the Regions, a new [policy report](#) prepared by the [European Transport Safety Council](#) and the intense advocacy work done by the [European Cycling Federation](#), the CIVITAS Thematic Group on Safety and Security would like to give its contribution to the current policy development and keep CIVITAS cities informed and actively involved in this very important topic.

The main objective of this webinar is to present the new policy developments in cycling and cycling safety and the ongoing actions as well as allowing the TG members and the overall CIVITAS community to bring their concrete local contributions and experiences on board.
